# WE'VE COMBINED STRENGTH, QUALITY AND BEAUTY TO BRING YOU SUPER SEAMLESS STEEL SIDING.

## WHY DO WE CALL IT SUPER SEAMLESS STEEL SIDING?

### 29 ga. Steel Base

**Strength:** Super Seamless is rigid and strong with clean, straight lines.

**Natural Wood Appeal:** Super Seamless lays flat on the wall and will not have a wavy appearance.

**Low Co-efficient of Expansion:** Can be nailed snugly, eliminating vibrating and rattling. Will not ripple, warp or sag.

### 8 Mil PVC Finish

**Durability:** Steel serves as an excellent "base" for the Polyvinyl Chloride coating and will not crack, chip, corrode, or peel.

**Premium Finish:** The 8 Mil Polyvinyl Chloride coating is 10 times thicker than other siding finishes and is far superior in its ability to withstand harsh weather conditions while maintaining its beautiful appearance.

**Colours Available:** Choose from a wide variety of attractive light and dark colours.

### Job Site Manufactured

**Beauty:** full length panels from 1" - 150' give seamless beauty to your project.

**Availability:** You can get the same top quality products, right across Canada, from you local Super Seamless Steel Siding Dealer.

**Custom Fit:** The portable Siding Machine manufactures right on the jobsite, each panel specifically for your project.

**Versatility:** A simple change of attachments, allows for the production of any one of the 25 horizontal, vertical, or diagonal profiles available.

## THE ORIGINAL SUPER SEAMLESS STEEL SIDING

## WHAT MAKES SUPER SEAMLESS STAND ABOVE THE REST:

**100% Real Canadian** - only quality Canadian Stelco Steel meets the standards for Super Seamless Steel Siding. It conforms to the base metal standards CGSB 93-GP-3M and meets CMHC requirements.

**Our State-of-the-Art manufacturing process** produces nail slots conforming to CGSB 93-GP-4M. This insures a snug, secure installation that lasts permanently.

**Pittsburg lock system** assures a tight weatherproof seal, positive interlocking of panels for ease of installation.

### Local Service/National Franchise Network

With over **10 colours and 25 profiles**, Super Seamless Steel Siding is perfect for virtually all residential, commercial and light industrial applications.

**10-year workmanship guarantee.**

**Our exclusive "Guaranteed Best Value".**

**TRULY THE "ULTIMATE IN EXTERIORS"**
